

In Denmark there are three classes of licence:

A-certificate (CEPT Amateur Licence) - gives access to all bands and output up to 1000 W.

B-certificate (CEPT Novice Licence) - gives access to all bands and output up to 100 W.

D-certificate (National Novel Licence) gives access to frequencies between 50 Mc/s and 1296 Mc/s.

Amateur Radio

The Radio Amateurs and the Authorities

EDR has a very good relationship to the Danish telecom authority. In recent years EDR has achieved very favourable conditions for the radio amateurs.

- Access to the bands 60 m, 6 m, and 4 m.
- National Novel Licence (D-certificate), which can be achieved by a non-technical test.
- The possibility for EDR to set exams

Visiting Denmark gives you many possibilities to operate amateur radio

With a CEPT licence you can operate your amateur radio mobile, from a hotel or from a holiday home

You can also activate one of Denmark's many areas for Flora Fauna

Or perhaps be QRV from one of Denmark's many islands in the IOTA programme

and visiting Denmark

If you want a break from the amateur radio Denmark offers very many tourist attractions:

Long beaches in Western Jutland

1000 year old rune stones in Jelling

Tivoli in Copenhagen

... and much more - see www.VisitDenmark.dk

H. C. Andersens house in Odense

Viking ships in Roskilde

Amateur Radio in Denmark

The radio amateurs in Denmark are organized in the association EDR, founded in 1927.

At a ballot, the 2000 members elect chairman, board members and a committee.

EDR has its own head quarter in Odense. It contains an office, a QSL bureau, a museum, an amateur radio station and several conference rooms.

Every month EDR publishes a members' magazine OZ. The contents of the magazine include technical articles, building projects and information about nearly everything within amateur radio.

Throughout the country there are about 60 local clubs - all attached to the national EDR.

Information about EDR:

EDR central office, Klokkestøbervej 11
5230 Odense M
open monday - friday 10.00 - 14.00
Phone: +45 66 15 65 11 Mail: kontor@edr.dk
Webside: www.edr.dk

Operating Amateur Radio in Denmark:

Denmark is participating in the CEPT T/R 61-01 on CEPT Amateur Radio Amateur Licence and ECC Recommendation (05)06 on CEPT Novice Radio Amateur Licence. For latest update and implementation status please consult the CEPT web site.

For general questions about Amateur Radio licensing and certification issues in Denmark, please contact the Danish telecom authority:
